

Your approximate assisted suicide statistics annually:

Oz 25m x 1% = **250 000 x 1%** that actually succeed in avoiding further torture by you and your friends = 2500

US 290M x 1% = **2 900 000 x 1%** = 29 000

UK 68M x 1% = 68 = 680 000 x 1% = 6 800

Cananada 35M x 1% = **350 000 x 1%** = 3500

New Zealand = 15 000 000

Total English Speaking population = 433 000 000

Total Schizophrenia 35 per 100 000 = 151 550, or another site said 1 991 800, or 1 732 000, between 5 = 21 650 000 & 28% so averaged out as 13% (in normal population) = 56 290 000

**at 1% = 4 330 000**

(6 people torturing every schizophrenic = 25 080 000 torturers)

3% of population are psychopaths = 12 990 000

**So 2500 + 29000 + 6800 + 3500 people you murder per year = +6800 + 29000 + 2500 = 41 800 / yr**

**Divided by 365 = 114 per day  
divided by 24 hours of work per day = 114/24  
= 4 people you murder per hour in the west (english speaking) business hours**
